

Enter the 2019 EU PiG Grand Prix

The 2019 European Pig Innovation Group (EU PiG) Grand Prix is open for entries.

All pig producers are invited to enter their innovative ideas and examples of on-farm best practice in this annual EU-wide contest, with up to 300 producers competing to become an EU PiG Ambassador.

EU PiG is looking for entries that tackle one of eight Grand Prix challenges, identified as current priorities by the industry, within the project's four key themes.

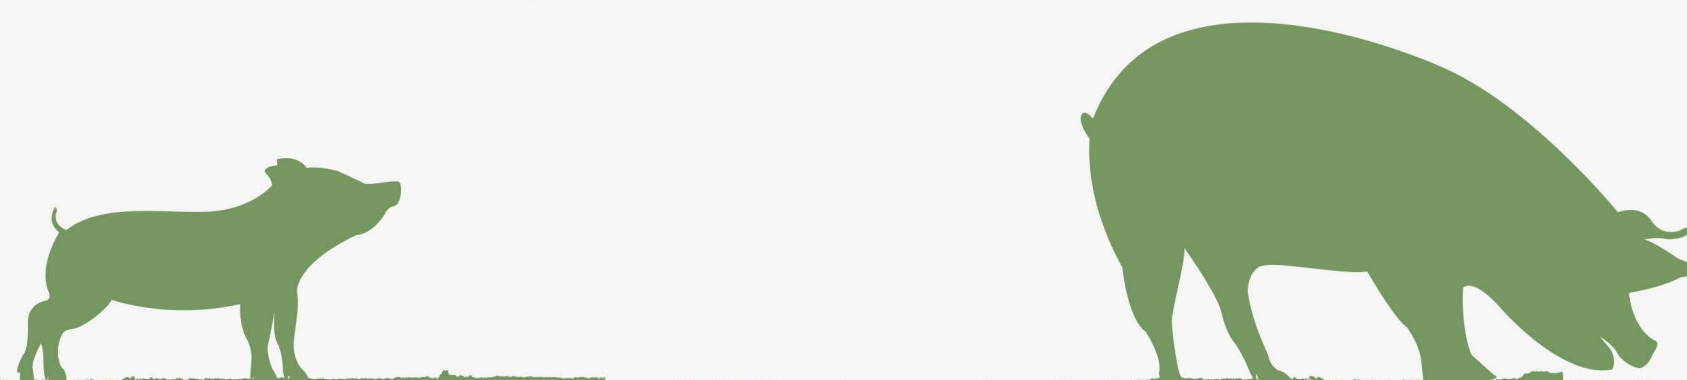

Winning one of the eight Ambassador titles in the EU PiG Grand Prix could result in:

- Receiving international recognition of your business and success
- Achieving increased motivation for staff
- Sharing best practice with other producers

For more details on each of the challenges, and an entry form, go to: www.eupig.eu/grand-prix

ENTRIES NEED TO BE IN BY 28 FEBRUARY 2019

EU PiG is a €2 million project running for four years which aims to raise the competitiveness of the European pig industry by connecting producers and sharing best practice.

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 727933.
